PRESIDENTS REPORT

I'd like to start by saying thank you. Thank you to all our incredible volunteers who helped the club perform its duties from the beach to the board room and everywhere in between.

Congratulations to our club captain Keegan Clarke and the actives committee, who worked tirelessly all season to ensure patrol rosters were filled and our beach remained a safe place for friends and family. Despite the challenges that COVID-19 presented, you pushed on to ensure that the essential service of beach safety was maintained at our usual high level.

This year saw some new faces (and a couple of old ones) on the Board. This presents a challenge at any stage but worsened with the effects of COVID and the changing dynamics of the Club. I cannot thank the Board enough for their support and all the effort they have put into every aspect of the Club's smooth running. Many of the tasks are behind the scene, and have gone unnoticed but are not unappreciated. We are all volunteers and live busy lives outside the club, and our reward is seeing the club grow and evolve into a thriving destination for both members and the community. We have succeeded in providing an inclusive place for members, parents of members, holidaymakers and the community.

The newly refurbished social room proved to be a popular destination from the soft opening on boxing day. The vibe at the club was amazing, and over the course of the season, we were praised every day by guests. "Thank you" was the frequent message conveyed. "Thank you" for providing a space to unwind, with great views, good music, and chilled beverages and glowing sunsets. Of course, none of this would have been possible without our hard-working volunteers who returned day after day to vacuum, mop, stack dishes, restock etc. One person deserves a special mention, Cam Browne. Without Cam at the helm of the social room, none of this would have been achieved. As well as managing the social room, Cam also racked up 110.5 patrol hours. Cam manned the social room every evening from boxing day to Australia day- except for a week in isolation. Well done Cam; your hard work is very much appreciated.

The Board has been working closely with our new Councillors, the Mayor and the South Gippsland Shire CEO. We have had several meetings at the council offices, and CEO, Kerry Ellis, has taken the time to visit the club to help gain an understanding of our issues. Our first priority is to seek funding for a roof replacement. As we all know, the roof is in urgent need of attention.

PRESIDENTS REPORT CONT....

Quotes obtained some time ago suggest we need \$350,000; however, this may have increased given the recent rises in material and labour costs. Both council and LSV have advised that securing funding for facility improvements is not favourable at the moment, however, they will assist us in writing and applying for grants.

Aside from the facility improvements, we are striving for some direct community improvements such as sufficient lighting on the main public beach access path, council supplied bins near the boardwalk, the showers in front of the club reinstated, and the boardwalk widened to accommodate the high density of foot traffic and those with limited mobility.

As we all know, Sandy Point is a great little town, and being so compact means we may move about by alternative transport, e.g., bike, scooter, foot or even a skateboard. We encourage the use of alternative transport, and with this in mind, we need to ensure our roads are a safe place for users, including and especially children. As members of the community, I encourage you to have a say on the progress of this issue as it is complex and deserves consideration. We have voiced our concerns to the council and will continue to work with them and the SPCG to reach a suitable outcome.

At present we are waiting on a building permit for the construction of a 2-storey external amenity block for patrons visiting the social room facilities to use without entering the members' area. Members, parents, nippers etc., will mainly use the lower section. On the same application is the upper deck extension that has been held up due to BAL rating issues. We aim to have both of these tasks completed before the next season begins.

Looking to the future, we aim to extend the facility out to the east (towards the Prom). The extension will provide additional space for training purposes, allowing for training camps to run without interfering with patrolling members or the social room. We also expect that we will gain extra storage for equipment and vehicles on the ground floor and possibly a third bunk room for leaders/teachers.

PRESIDENTS REPORT CONT....

On New Year's Day we had the annual Current Cruiser swim. Conditions were favourable, the sun was shining and the wind was slight; however, we were missing one thing, Paul Minahan. Unfortunately, Paul had contracted COVID-19 and had one more day of isolation. I can't imagine how disappointed Paul must have felt, after all the planning, preparation and organising he has done over the past year, to miss the event by one day seemed cruel.

This year our membership has grown from 611 to 732, a fantastic achievement considering the impact of another year with COVID-19 interruptions. Nippers was once again a bonza season with 196 nippers enrolled, up from 161 last year. Special thanks to Natalie Ashdown for her dedication over the years as junior activities coordinator. Natalie stepped down at the end of the season and we are currently looking for a new coordinator.

Thanks to Paul's comprehensive planning, the event ran as smooth as could be expected with only a slight timing issue. A massive thank you to Paul for his enormous effort in organising the Current Cruiser. The Current Cruiser is our biggest single fundraiser event and is critical for the club's public profile with the community. Thank you to MSAR, water safety, first aid, and all the volunteers who helped on the day, it is very much appreciated.

Thank you to all our active members, you are all incredible. You have kept our beach safe all season. Waratah Beach is known for being family-friendly, however, we all know that can change in a flash and conditions can quickly become challenging. Once again, we have recorded zero fatalities and only a few minor incidents, you are all literally lifesavers.

Thank you to all our volunteers that worked behind the scenes doing the tasks that no one else wanted to do. Thank you to all our leaders, parents, patrolling members and the Board.

Richard Tremewen

RICHARD TREMEWEN

WBSLSC, President

FINANCE REPORT YEAR ENDING 30TH APRIL 2022

INTRODUCTION

The Club's financial position improved through the year, notwithstanding a significant refurbishment of the building inside and, to a lesser degree, outside, which provided greater amenities for members and the public. Due to hard work securing donors and sponsors when the clubhouse was built and the foresight of the Committee at the time, a building fund was created which provided the capital for these refurbishment works. The Board agreed that the profits from the Bar would go to reinstating that fund.

In addition to the refurbishment, significant maintenance was funded through Life Saving Victoria in the early part of the year by the previous Board.

Trading income increased compared to the previous year due to the progressive lifting of Covid19 restrictions and very importantly due to the activities of the bar in the Social Room.

Donations, grants and sponsorships continue to be a critical source of funding. Sponsorship was predominantly from the Current Cruiser event organised by Paul Minahan and Max Collins'. This event is well supported and promotes the Club in the community and has been dependent on the leadership and very substantial efforts of Paul for which the Board is grateful.

The full list of donors, sponsors and grants is contained in the body of the Annual Report.

FINANCE REPORT CONTINUED

DEPARTMENT RESULTS

Nippers

Natalie Ashdown and her team of volunteers did an outstanding job again, with great feedback from people involved in the program.

Nipper P&L - 2021/22	2022
Income	
Income: Memberships	\$13,240
Sales: Merchandise and Clothing	\$2,231
Sales: Catering Income	\$1,405
Total Income	\$16,876
Less Expenses	
Purchases: Clothing	\$2,560
Events: Catering Expenses	\$883
Ops: Nipper Program Delivery	\$3,615
Ops: Recognition Competition & Trophies	\$701
Total Operating Expenses	\$7,759
Net Profit	\$9,117

The profit was \$3,845 greater than in the previous year, predominantly due to increased participation by 193 nippers, up from 161 in the previous year. In addition, the membership fees for all categories were restructured to reflect the benefits that people receive from their membership.

FINANCE REPORT CONTINUED

BAR

The Board committed to significant works prior to the season to renovate many parts of the Clubhouse including the social area. Cameron Browne managed the bar throughout the season and did enormous work to prepare, operate and clean up practically every weekend. Sincere thanks to all those who pitched with support.

Having the bar open provided great opportunities to connect for people who might otherwise not have spent time in and around the Clubhouse.

Financially the result has been extremely important for the Club with a significant improvement to cashflow, which made managing the accounts more straightforward than in the previous year. Price setting to achieve margins approaching commercial rates should be investigated by the next Board.

BAR RECONCILIATION - 2021/22	2022
Opening Stock	\$604
Sales	\$76,140
Less Expenses	
Purchases: Drinks	\$27,415
Purchases: Other	\$4,378
Events: Catering Expenses	\$4,212
Other Costs	\$976
Total Operating Expenses	\$36,981
Closing Stock	\$3308
Net Profit	\$36,455 47.8%

As noted previously, the profits from the Bar were returned to the Building Fund to partially reinstate the refurbishment costs.

FINANCE REPORT CONTINUED

MERCHANDISE

There was a fantastic effort over the year by Tracey Tremewen to ensure sufficient stocks of essential clothing etc and to reduce the overall stock holdings by \$8,514.

FUNCTIONS & EVENTS

The significant fundraising event to report on (other than catered events at the Bar) is the Current Cruiser swim. Paul Minahan and Max Collins deserve the Club's special thanks.

Current Cruiser Reconciliation	2022
Donations and Sponsorship	\$11,350
Entries	\$7,657
Sales: Merchandise	\$1,582
Less: Clothing, Freight, other charges.	\$4,116
Profit	\$16,473

FINANCE REPORT CONTINUED

MARINE SEARCH & RESCUE (MSAR)

MSAR funding is based on 30th June financial year and the core funding since 2018/19 has been \$16,000 through Emergency Management Victoria (EMV).

During the year \$6400 of EMV funding was received to close out the previous funding year as well as \$16,000 for the 21/22 year. A Boating Safety Grant was received of which \$5794 was capitalised and therefore not shown below.

MSAR P&L – 2021/22	30-Apr-22
Income	
Income: Donations	\$3,495
Income: Grants	\$30,755
Total Income	\$34,250
Less Expenses	
Admin: Accounting and Bookkeeping Fees	\$316
Admin: Insurance	\$3,787
Buildings: Buildings Repairs and Maintenance	\$3,817
Buildings: Water & Sewage	\$2,515
Ops: Equipment Purchases	\$2,548
Ops: Equipment Repairs & Maintenance	\$380
Ops: RHIB fuel	\$1,036
Ops: Training Services	\$4,490
Ops: Vehicle and Trailer Expenses	\$417
Ops: Vehicle Fuel	\$469
Total Operating Expenses	\$19,775
Net Profit	\$14,475

Life Saving Victoria recognises the value of the MSAR operation and the long term historical drain on the Club's finances. In the 20/21 year LSV arranged for an exception to the Victorian Emergency and Safety Equipment Program (VESEP) to treat MSAR as a separate entity, allowing the Club to effectively submit two applications. VESEP funding is based on each recipient providing one third of the funds. The Club are grateful to LSV for arranging 100% funding through the VESEP grant for a new Isuzu D-Max vehicle and two 60HP outboard motors for the RHIB.

FINANCE REPORT CONTINUED

NEISHA MCLEAN FUND

The Neisha McLean Memorial Fund Charter provides grants for the development of lifesavers. No funds were used or raised during the year.

The Board are pleased to advise that Neisha continues to be remembered for her outstanding contribution to the Club and in particular, her positive influence on others.

GENERAL

The membership functions were again managed brilliantly and with no fuss by Bronwyn Betro and my personal thanks to her.

There are many opportunities for volunteers to support the Club in various operational and administrative roles. Please let someone know if you are interested in more details.

Paul Woods

PAUL WOODS

WBSLSC Director

CLUB CAPTAINS REPORT

And just like that, the 2021/22 season is done and dusted. I would like to start this off by giving a huge thank you once again, to my wonderful Actives Committee. You guys have worked tirelessly through a challenging season, and it's been wonderful see all of you grow into leaders, and fantastic role models. There have been many challenges this season, but you guys as a team have shown resilience, drive, and passion to ensure that the club is performing to the best of its abilities. I would also like to thank the board for the endless work they put in to helping the club achieve bigger and better successes each year. I would finally like to personally thank every single one of you, because all of you as members are what makes this club amazing.

From the Nipper helpers, to those who are around to give advice and mentoring, those who clean up after everyone else, and to those who drive their kids down to Sandy. Thank you.

This season, we saw 5252.5 hours patrolled between the 27th of November 2021, and the 25th of April 2022. This has been our longest season yet, and the beach was busy right up to the end. These hours are up 33% on last year, as well as being the second most hours patrolled in one season in the last 10 years, only falling short by just 122 hours from 2017. During the patrolling period, we had a beach attendance of just over 9500, which is slightly up from last year, and I feel as though this number will continue to rise.

CLUB CAPTAINS REPORT CONT...

We effected 1871 preventative actions, undertook 8 minor first aids, with 0 major first aids and 0 rescues! This season, our lifesavers were increasingly proactive in holding and facilitating beach safe discussions with patrons. This increased level of proactivity is reflected in a 180% increase in the number of preventative actions from last year.

This season, we gained 40 new active, Bronze and SRC memberships, bringing our total count to 204 members. This is reflected in an overall growth in membership for this year, which grew 5%. We saw 15 members achieving over 100 volunteer patrol/water safety hours this season. On top of this, out of those 15, 5 of those are in their first season as a Bronzie.

Well done to all of you, it is a massive achievement; Sunday Doddrell*, Keegan Clarke, Claire Tremewen, Isabella Tremewen, Ally County*, Lucas Buckland*, Amala Liepa*, Daniel Osborn, Alyssa Clark, Oliver Wischer, Emily Wilson, Lucas Osborn, Cameron Browne, Hamish Fitzgerald*, and Amity Clarke.

This year, we had some huge patrol days, with the biggest being 34 people on patrol on the 26th of January. On this day, we also crowned a new Watermelon Eating Competition Champion, Thomas Murray. Taking a slightly different tack, we ran two very successful Bronze Camps this season, with the third being sadly cut short due to a COVID outbreak. Of the two that we ran, we put through around 34 kids, with 28 coming back to patrol.

(*denotes first season as a Bronzie)

CLUB CAPTAINS REPORT CONT...

One of the biggest successes this season was the Pink Zinc Patrol. This event was organised almost completely by Millie Hartung, Amy Jamieson, Claire Tremewen and Jade Wunderle. For these girls, this was their first time having such a big responsibility, and they took it on and owned it, doing an amazing job. The day started with breakfast in the social room with food donated by our members, which was followed by a paddle out behind the break. On this day the waves most certainly came to play, with some of the biggest waves I have seen in a couple of years. After this, the weekend featured an all-female run patrol, with females filling all 15 leadership positions. This is a huge achievement and one we as a club can be immensely proud of. I look forward to seeing this event be bigger and better in the years to come.

Another highlight for me this season was seeing really positive culture come back to the club. After coming off a COVID filled season last season, I was worried that some of what got me into lifesaving, such as playing games on and after patrol, building relationships, working as a team, and living with my mates, would be forgotten.

CLUB CAPTAINS REPORT CONT...

It has filled me with excitement, seeing so many younger members coming through the club and getting excited about the same things I did when I started. For the older members, thank you for helping me instill our excitement upon the new members, whether that be through learning and teaching, or going out in the boats, or hanging out after and on patrol, it's been fantastic. Our club is most definitely in safe hands for the future.

Finally, thanks again to Lucas Osborn for being my right-hand man. You are someone I can always count on to be a sounding board, and for constantly pushing me to be better.

Enjoy your time off, and I look forward to seeing you in the coming season for an even bigger and better year!

CHIEF INSTRUCTORS REPORT

The 2021/2022 season presented many challenges due to the changing situation of COVID-19. Our training and assessment team were consistently enthusiastic and put in many hours of hard work to contribute to well-run camps and courses.

A big thanks to our five assessors who conducted 10 individual skills maintenance sessions over the November/December/January period to ensure our club members were prepared for the patrolling season. This season, we were able to run the South Gippsland Secondary College Bronze camp, strengthening our relationship with the local community.

There were an additional two live-in Bronze Camps, seeing a further increase in interest. Unfortunately, one Bronze Medallion was not completed due to COVID-19. This was a monumental effort for our trainers to resume live-in camps after the previous season and the accommodation changes.

The annual surf rescue course was also a great success with our up-and-coming 13- and 14-year-olds. These courses would not be able to run without the awesome enthusiasm and adaptability of our volunteer trainers and water safety –thank you to everyone who contributed to our 2021/2022 volunteer training season.

Volunteer training statistics

- 25 Surf Rescue Certificate
- 29 Bronze Medallion
- 3 Silver Medallion Beach Management
- 2 Gold Medallion
- 45 Cardiopulmonary Resuscitation
- 31 First Aid
- 19 Advanced Resuscitation Techniques
- 4 Inflatable Rescue Boat Crew
- 1 Training Officer Certificate
- 1 Assessors Skillset

CHIEF INSTRUCTORS REPORT CONT...

Unfortunately, due to COVID-19, the annual Bass District Lifesaving Development Camp was cancelled, along with the LSAR (Lifesaving Search and Rescue) camp. We hope for these unique programs to return next season, improving the skills and knowledge of our active members.

In Life Saving Victoria's Member Leadership and Development (M&LD) we had one participant in the 18-25 Mentor/Mentee Program. On this program, Sarah Seddon met with members from across the state and was mentored by a senior member from another club.

Likewise, Jameson Trainor was a mentor to another participant on the program, continuing to strengthen members in lifesaving across the state, as well as his own leadership qualities. They both gained many insights from the program and should be very proud of their efforts.

Sarah Seddon

SARAH SEDDON

NIPPERS REPORT

196 Nippers registered for our Nipper Program this year, which equals our best ever enrolments from a couple of years ago. We were thrilled to have the Westpac Lifesaver Rescue Helicopter visit and talk to the Nippers on the first Friday. They landed in the paddock at the entrance to town; spoke about their services and we were delighted to hear that the swimmer on the helicopter was a former Nipper.

Another highlight was the talk from Matt Momenturo from the Marine Mammal Foundation who introduced the Nippers to our marine environment and how to look after it.

Every year I am in awe of how early nerves at the beginning of the program turn into the confidence we see at the Club Championships, in such a short time – our program was just 8 sessions this year (we lost a session to the extreme weather) and most Nippers do not complete all the sessions. So to see the outstanding development of our Nippers in such a short time is a real credit to our Age Managers and Water Safety Team.

Age Managers

Our Age Managers brought a special combination of leadership, enthusiasm and friendly organisation skills and it is that combination that ensures the success of our program and the special vibe that we all feel.

They do a lot of preparation in the background, arrive early to setup and sign all the Nippers in and have 'stepped-up' over the past two years to lead the sessions because of our COVID-safe 'on the beach' format. They make sure our program runs seamlessly and they play an enormous role in building the leadership and confidence of our Water Safety team.

This year our sincere thanks goes to: Chantelle Waters, Jo Healy, Rebecca Omura, Tristan White, Justin Friebe, James Habersberger, Ros Lethbridge, Andrew Edbrooke, Trent Waters, Andrew Dyll and Ruth Lancaster.

NIPPERS REPORT CONT...

Water Safety

70 Water Safety including 26 new SRCs contributed over 500 volunteer hours to our program this year. Under the stewardship of our Water Safety Captain, Adam Clark, it was incredible to see the Bronzies step up as 'Senior Water-safety' to lead the sessions including Nathan Ashdown, Darcy Curl, Banjo Curl, Jeremy Lewis, Issy Tremewen and Alyssa Clark.

Special shout-out to Darcy Curl whose leadership earned him a Nipper Volunteer of the Year nomination; special thanks to our adult Water Safety Paula Clark, Ted Clark, Mark Cook and Andrew Ashdown. They all managed a range of conditions whilst encouraging the Nippers and sharing their skills. Our new SRC's, most having just graduated from Nippers last year, came back to volunteer and give back to the program and we look forward to seeing them develop.

BBQ Team

Our BBQ expert Mike Taylor-Sands handed over the tongs and the 'Great BBQ Manifesto' document to Yuki Omura and he did a great job with a new group of volunteers to bring our BBQ to life; cooking over 800 sausages and organising the equivalent number of soft drinks. They had our BBQ ready for the hungry Nippers, families and Nippers team as we marched up from the beach each Friday.

Special thank you...

Our thanks to the amazing Bronwyn Betro who managed all our membership registrations and a million questions behind the scenes; and to the super enthusiastic and joyful Tracey Tremewen who moved from being an Age Manager to becoming the Queen of merchandise and BBQ ticket selling; to our President Richard Tremewen who arrived early every morning to start getting our gear ready and was also there for packup at the end of each session; the wonderful and generous Barb Webb who makes and donates all of our crazy caps which are so popular; and to Anne Dell for her donation.

NIPPERS REPORT CONT...

Nipper of the Year – Alexandra Dyall

The Nipper of the Year is awarded to the Nipper who personifies what it means to be a Nipper at Waratah Beach SLSC. This year we congratulated Alexandra (Alex) Dyall. Alex started Nippers as a Penguin and many of us remember the tiny little Nipper in the oversized wetsuit, running out of the water and freezing. Now as we watch Alex run out of the water, we see a Nipper who has developed into a great young athlete who is always smiling and giving her best. Alex is polite, friendly and inclusive and we wish her well as she progresses to SRC and hopefully into future years of leadership.

Nipper Volunteer of the Year – Andrew Edbrooke

The Nipper Volunteer of the Year is named after Lindsay Dell, life member and long-term supporter of Nippers. Today the Dell Family continues to donate to the Club to enable the success of our Nipper program. This year we congratulated Andrew Edbrooke.

Andrew is a long serving Age Manager, who's has mentored hundreds of Nippers, Water Safety and our Age Managers over the years. He is also our 'ideas man' and several of Andrew's ideas have been implemented to immediate great effect, for example the Board trailer last year and the use of laminated sign-in sheets this year. Laminating sign-in sheets might not seem like much, but once implemented, it left us wondering 'why haven't we done this before?'

Andrew's approach makes us all look good and he is one of the reasons our Nippers program has been so successful over the years.

NIPPERS REPORT CONT...

Club Championships

It's become a joke now to talk about the weather for Club Championships and to expect the worst.

You only have to look back at past Nipper's reports and photos to see just how bad the weather has been. But this year, despite the threat of thunder and lightning, the rain held off and the overcast conditions and a moderate easterly wind gave us great conditions.

Watching the Iron Nipper event was inspirational. Nippers across the age groups sprinted into the water, with 'flicky' legs and high knees, diving under the waves for the swim leg. They then sprinted to the boards and it was so great to watch

them paddling, out and across and then to see them catch the waves – pushing up on the board. Even the littlest Nippers with their one-on-one Water Safety helpers implemented everything we had learned over the season.

Add to this the flags, sprints, board, wade events, the Nippers implemented their skills, with a spirit of cheering each other on, doing their personal best and having fun.

NATALIE ASHDOWN

Junior Actives Manager

MARINE SEARCH AND RESCUE (MSAR) REPORT

Despite COVID related disruptions the Waratah MSAR group had a successful season. There is no doubt that being in out of lockdowns, unwell and isolating crew members and state mandated protocols created challenges to accumulate training hours this season, but despite this, skippers and crews took every opportunity be on the water to hone skills and deliver an optimal service.

Training this season included many hours developing navigation and boat handling skills in a wide range of conditions that included low tide, strong winds, poor visibility, night-time as well as a changing bar at the entrance to the inlet. Other training exercises included boat launching and retrieval at Shallow Inlet and Walkerville, man overboard, navigation, bar crossing, towing and rafting and familiarisation around the islands of Wilsons Promontory and along Waratah Bay.

LSV arranged first aid training for the group to make sure this key proficiency was current, and all active crew and skippers took part in new mandatory sea survival exercises. Several members also took part in EMV facilitated crew development and radio operator courses. Towards the end of the season we had a crew take part in an EMV coordinated multi-agency search and rescue exercise in Corner Inlet off Welshpool.

Over the summer we had several call outs and happily none of these involved serious injuries. We located a missing kayaker off the Prom near the Glennies in very strong winds, towed back a fishing boat from Norman Island whose motor had caught fire on an overnight trip, recovered a jet ski in the inlet and dragged out a sunken boat from the inlet that had caught fire.

In the community Waratah Marine Rescue were active at the Current Cruiser, providing valuable support to the Waratah Beach Surf Life Saving Club by patrolling the course and keeping recreational craft in the inlet away from swimmers. And on Good Friday the Walkerville Walrus swimming group conducted their annual Walkerville to Waratah swim and the MSAR group kept close in case any assistance was required.

MSAR REPORT CONT...

From the annual EMV grant, plus a couple of business and community donations and support from LSV, we renovated the rescue base, installed a new state of the art navigation system, replaced motors, received a new ute (yet to be branded) and our expert local boat repairer and valued skipper, Doug Taylor, is getting close to completing 'Sinkalot', a purpose built vessel that allows recovery training on a simulated sunken ship that can fill with water and be purged as required.

As we progress towards season 2023, Waratah MSAR is entering a new phase with LSV changing the MSAR operating structure. Historically EMV have funded the LSV delivery of the MSAR service through WBSLSC, however in a recent change intended to reduce the organisational paperwork, compliance and financial burdens currently managed by volunteer skippers, crew and WBSLSC, LSV have announced they will coordinate MSAR centrally and take on responsibility for these functions.

This season we signed up several very committed and experienced trainee crew members who have put in a heap of time to gain familiarity with the service, quickly becoming valued members of the team. If anyone, permanent or non-permanent resident or club member, would like to join the Waratah Marine Rescue then please do not hesitate to reach out:

paul.minahan@waratahbeach.com.au

Paul Minahan

PAUL MINAHAN

MSAR LIASON OFFICER

WIN CURRENT CRUISER REPORT

On New Year's Day the Waratah Beach Surf Club coordinated another successful WIN Network Current Cruiser, the fourth consecutive one including last year's virtual swim. This year we had 150 swimmers competing across the 500m and 1500m events, many of whom travelled some distance, and a great day was had by swimmers and spectators alike. Because the first Saturday of January fell on New Year's Day, we considered moving it but decided to progress, we missed some folks but also gained a heap more on the day from holiday makers. We did miss a few due to covid and associated complications (yours truly included) but still had a great turn out.

Collectively through the generosity of swimmers and sponsors we raised a very well received \$17,000 for the surf club, an amazing contribution that allows us to keep lifesaving equipment up to scratch and contributes to the recently renovated club bar. Each year we are getting better at promoting and running the event and delivering value to sponsors and entrants.

This year's t-shirts looks amazing and have been a frequent site across Sandy Point this season. We had an unfortunate problem with the timing system and thankfully swimmers were forgiving.

For next year's swim we have taken steps to improve this as well as increasing the number of buoys along the course and starting each division separately with different coloured caps. Without lockdowns and having greater forward visibility we will start planning early this year and are grateful for any assistance.

I would like to extend thanks to all participants, helpers, supporters, clubbies, the foreshore committee, the community group and in particular our sponsors.

We are looking forward to next year's event being even bigger again, our story also features in a recent history of Victorian Ocean Swims... we are on the map.....

PAUL MINAHAN

WIN NETWORK CURRENT CRUISER COORDINATOR

IRB RACING

Since our last annual report, our IRB Racing team competed in the Victorian Championships where we placed well in a range of events but unfortunately didn't come away with any points.

Through several challenges and availabilities over the summer, we were limited in how many times we could train. It is unlikely that we will be able to have enough of a team for this year's round of carnivals across winter, however, with a few members staying close to the sport, the famous blue cap with red stripes will be flying across the waves in no time. There were many positives through the pre-season including inviting Woolamai Beach SLSC Members down to train with us which had great uptake, we had success with our gear and equipment development which is super important for racing, and we also had support from the board in securing grants for increasing female participation in IRBs and purchasing new tents to help keep the team comfortable on those cold June mornings.

Thank you to everyone who has supported the team, we will be back stronger than ever!

Jack Kennedy

JACK KENNEDY

IRB CAPTAIN, IRB RACING TEAM

AWARDS FOR SEASON 2021-2022

IAN & SUSAN AIRD BEST CLUB PERSON PERSON CAMERON BROWNE

Cam has been involved in lifesaving at Waratah for 30 years, since joining back in 1992. During these 30 years, Cam has been involved in almost every single aspect of lifesaving, and in the 7 years I've known him he has been nothing but amazing. Cam has been awarded a 30 Year Long Service Award, as well as being one of 4 members at our club to receive the National Medal, which is given out to individuals who have attained over 30 volunteer patrol hours for 15 seasons. Surfguard only counts hours from 2008, but since then, Cam has racked up 806 volunteer patrol hours, achieving over 100 hours in 4 separate seasons. Cam has been the IRB Racing Team manager for the last 4 years, driving our boats to and from carnivals all over the state, organising people months in advance, and even this year when there were struggles with the IRB team, he still managed to motivate those in the leadership team and the team in general.

This year, Cam was asked to take on the role of Bar/Social Room Manager, as a volunteer. The bar is something that has really struggled in the last few years, with only one really good year in the last 6 or 7 years. This season, Cam took incredible ownership of this role, researching absolutely everything, from beers, wines, and spirits, right down to the perfect types of cocktail shakers. During the season, which ran from the 27th of November 2021 to the 25th of April 2022, the bar was open all 28 weekends (Friday, Saturday, and Sunday nights) of the season, as well as every single day in January. Excluding when he caught COVID, Cam missed only 2 weekends the entire season. I've worked this out to be around 500 volunteer hours just spent in the bar. This doesn't include him organising and purchasing stock, cleaning, driving to pick up stock, and everything else associated with running a bar.

On top of all of his incredible work in the bar, Cam also managed to get 110.5 volunteer patrol hours, saving us on multiple occasions from defaulting on patrol, as well as being a leader while on the beach. Cam was someone that was around from the start to the end of patrol, helping with set-up, pack-up, and everything in-between. He is someone I have been so glad to have around the club, as a leader and a mate.

Cam is someone who keep quiet about the work he does, and the achievements get gets. He is a real pleasure to have around the club, and I can't see anyone else more deserving of this award

AWARDS FOR SEASON 2021-2022

IAN & SUSAN AIRD BEST CLUB PERSON PERSON PAUL WOODS

Paul began his long association with Waratah Beach SLSC back in 1975 and has had various roles in the Club and at a state level, including as Deputy Superintendent for Victoria (at the time when Patrols, Competition and Training and Development were all the responsibility of the Superintendent). Paul was part of the Wieland Shield team to California in 1987.

Paul has worked tirelessly all year picking up the tasks that fall between the cracks and has given an enormous amount of time and energy to ensure the club is in good standing for the coming season. A usual working week for Paul begins on Wednesday after he has given the weekend and the first 2 weekdays to Waratah Beach tasks.

The number of tasks that Paul is involved in is too long to list, but some tasks are, campaigning to council and our MP Danny O'Brien for funding, negotiating with the foreshore committee and LSV on licence and lease area arrangements, and the progression of MSAR to a State based fully funded operation. As well as this, Paul has also performed the role of Bookkeeper/Treasurer for another year.

Paul has gone above and beyond what is normal and expected. The amount of hours Paul has committed to the club this year is mammoth. Without Paul to take on these tasks, they simply would not have been done.

Well done Paul, you certainly deserve to be awarded Best Clubperson.

AWARDS FOR SEASON 2021-2022

BEST JUNIOR CLUB PERSON

ISSY TREMEWEN

Issy has been involved with Waratah Beach SLSC for 8 years, since 2014. During this time she has done nippers, her SRC and her Bronze Medallion. I've been lucky enough to run her SRC Camp, and lead on her Bronze Camp, and more recently have her as a part of the patrol leadership team for The Crusaders. Seeing her grow into the young leader she is becoming is special. Issy is now into her second season as a Bronzie and has taken a huge step up this year. This season, she amassed a HUGE 164 volunteer patrol hours, as well as, if not for COVID, helping on the SRC Camp, and helping with the Nippers program, being a strong leader for the other water-safety.

At the start of this season, Issy approached me with a proposal about a better way to run patrols. She and another senior club member worked on this idea initially, but Issy took the idea and ran with it. She suggested we involved a "Junior" Vice Patrol Captain who was responsible for involving the brand new Bronzies into the bigger group, as well as giving them someone more around their age whom they could relate to and talk to. Around the club, there are lots of loud, older people who are already in established friend groups, and it can be daunting for a fresh, 13, 14, 15-year-old coming into the club and seeing that. I found most definitely that this role had a HUGE improvement in attendance from the younger members, as well as their overall feeling on patrol.

In her role, Issy was responsible for calling those who had completed camps this year, and welcoming them to the patrol, as well as being someone they could chat to and with on patrol. Now while this was something she was pretty nervous about at the start, she was an absolute professional by the end of the season. Issy also stepped up into the role of Senior Vice Patrol Captain for me during the year and was a natural. She was positive in the way she led the patrol group in set-up and pack-up, as well as constantly wanting to learn how to improve as a leader.

Issy is a role model for everyone in the club, and someone who is becoming a permanent leader of the club, and I am excited to see where she goes in Lifesaving.

YOUTH & LEADERSHIP AWARDS

CLUB CAPTAINS AWARD

GIANLUCA 'LUCA' CHIEFARI

This award goes to someone who has taken a massive step up in their involvement at the club this season. This person took on a new role this year for the first time as a part of the Actives Committee, and they really took ownership. They also helped on one of our earliest camps in the year, and they blew everyone away. His ability to think on his feet and entertain 15-year-olds is unparalleled, combined with his ever-helpful advice and enthusiasm he was a real asset on this camp. He also was an absolute lifesaver, pardon the awful pun, twice this season, dropping everything and coming down to act as a patrol captain on less than a day's notice to save us from a default on patrol.

I really hope to see you continue this trajectory within Lifesaving and our club. We would have been in serious trouble without you, congrats to Gianluca 'Luca' Chiefari.

NEISHA MCLEAN TRAINER OF THE YEAR

AMITY CLARKE

This year's recipient of the Neisha McLean Trainer of the Year is Amity Clarke. Amity has been an integral member of the training team, always doing her best to ensure that candidates are engaged and learning. Amity was the course coordinator for SRC, putting through 25 candidates. This was a significant increase from the previous year and many of the candidates have returned to water safety and patrol, which is a credit to Amity's hard work. Not only did Amity run SRC, but also took on the coordinator of the January Bronze. Unfortunately, this camp was not completed due to COVID, however, Amity did her role to the best of her ability and took this all in her stride

Throughout the season, Amity always maintained a positive attitude and was the first person to offer help. She is a very deserving recipient of the award and I congratulate her on her efforts this season.

PATROL CAPTAINS AWARDS

PATROL 1 - THE PIRATES

CLAIRE TREMEWEN

The Pirate's Patrol Captain award for the 2021/22 season goes to Claire Tremewen! Claire has been a fantastic asset to the patrol as a part of the leadership team, and to the club in general. Claire moved into the role of Senior Vice Patrol Captain this season, and on multiple occasions showed great leadership in stepping up to take on the role of Patrol Captain. Claire was able to manage and captain the patrol very successfully.

PATROL 2 - NEISHA'S KNIGHTS

HUNTER RILEY

This patroller this season has really stepped up and is starting to become a role model for younger patrollers at the club. He has been around the club for some time but consistently tries to better himself by helping around the club when asked and always is around to lend a hand. Though he has a pretty laid-back personality, he is really energetic and committed to lifesaving, which does not go unrecognised. He gained a very respectable 89 hours throughout the season, which was almost double his hours last year. He came to a lot of our patrols and really has had an impact on every patrol. He has a bright future ahead of him and I can't wait to see him around the club next year.

PATROL 3 - THE CRUSADERS

DANIEL OSBORN

The 2021/22 Patrol Captain's award goes to someone who is a real asset to the Crusaders. This person is someone with an incredible drive for success, someone who has a keen eye for ensuring everyone feels included and heard, as well as being an all-round legend. He has taken everything asked of him this season in his stride and excelled. The growth I have seen in him from the start of the season, to now is very impressive. He went from being in charge of posting on Facebook and drumming up interest around patrol, to running his own patrol from start to finish. The patrol you take over is going to be one lucky group.

PATROL CAPTAINS AWARDS

PATROL 4 - THE GINGER NINJAS

LUCAS BUCKLAND

It's rare for us to find a young local kid with a drive to succeed and to have a go. I think it is fair to say that young Lucas Buckland is in fact a rare one, for all of the right reasons. Without a doubt, Lucas has been a standout patrolling member across the entire club and patrolling season let alone his representation for Patrol 4. Lucas is always reliable for every single patrolling day and is a great contributor to the team (although may occasionally show up conveniently just as we're finishing the setup).

Lucas accumulated 133.5 patrolling hours for the season and assisted around camps and other club events as well. Lucas also completed his IRB Crew certificate and was always one of the first to wetty up to jump in to go! The values that I believe make up a good patroller are someone who; communicates well, wants to grow and learn, Plays their role in the team, engages with others, supports others & strives to have a good time. I believe Lucas showed all of these values each and every day and can hopefully become a fantastic leader of our club in the near future.

PATROL 5 - THE VIKINGS

AMY JAMIESON

I'm here now to celebrate one such individual who has caught my eye with their commitment, stellar attitude and their amazing aptitude. This season I've watched them grow into a confident lifesaver and a fantastic member of the team, shining out in our harder moments. She is someone that I could not do without on my team, and I look forward to her climbing the ranks and gaining even more confidence as one of our key leaders.

YOUTH & LEADERSHIP AWARDS

LANCE FINDLAY PATROLLER OF THE YEAR KEEGAN CLARKE

Keegan demonstrates leadership in all aspects of his role as Club Captain. From dealing with late night call outs for non beach related rescues, to arranging the evacuation of Bronzies due to a case of COVID, to running highly functional patrols during another challenging season. Keegan has again this year shown a high standard of leadership and maturity in all situations.

His passion for the club and its success has amounted to an impressive 166.5 volunteer patrol hours, not to mention the hours not recorded for attending Board meetings, hosting Active meetings and all the other jobs often not seen to ensure a high level of functioning in the on and off-season.

Keegan has again worked hard to implement beneficial and sustained cultural changes in the club. He has also ensured that key target measures such as patroller attendance and retention rates remain at record levels.

Keegan has a large level of respect amongst patroller and club members not only due to his role as club captain but because of his attitude, dedication and commitment. He confronts difficult situations with a positive attitude and acts swiftly and with wisdom beyond his years to find solutions.

Keegan is deserving of this award as he continues to make significant impacts on helping Waratah Beach SLSC be a place our youth want to join and continue to hang around.

YOUTH & LEADERSHIP AWARDS

RECRUIT OF THE YEAR SUNDAY DODDRELL

It has been an absolute pleasure to have this person patrolling this season. This person was consistently enthusiastic and helpful no matter what they were doing and were always willing to step up and lend a hand. It didn't matter whether they were packing up after patrol or cleaning the club, this person was always involved and willing, with their positive attitude and energy encouraging others to do the same. It goes without saying, this person is an extremely talented lifesaver and committed fully to everything they did, going above and beyond, getting their crew, getting involved with nippers and participating in club champs.

Sunday exceeded all expectations, taking on roles that could seem daunting to anyone, particularly a new bronzie. Their help on camps was invaluable, impressing many with their involvement in training peers. This person consistently attended patrols, including patrols that weren't their own, finishing with over 170hrs, the most of any member this season. This person is well liked and respected by everyone, and I personally had the pleasure of working with them many times over the course of the season. I really enjoyed getting to know you and I can't wait to see what your future in life saving will look like. We are looking forward to seeing a lot more of you around the club in the coming seasons.

ENCOURAGEMENT AWARDS

AMALA LIEPA

This encouragement award goes to someone who I am immensely proud of. During their Bronze Camp, I noticed that they weren't having the best time, and pulled them aside so we could work out why. We found out that they were uncomfortable in the big waves. During her assessment, as per usual, the waves were big and messy. As a result, she wasn't able to complete her assessment. Most people would just forget about it, and move on. However, she contacted me and organised to do her assessment again on the next camp. She did it and passed. This only added fuel to her fire, and she ended the season ALSO achieving her IRB Crew Certificate, and getting 130 hours. From where you were on your Bronze, to where you are now, you should be so proud of yourself.

OLIVER WISCHER

The second encouragement award goes to someone whom I think flies under the radar far too often. I think this is due to their friendly, supportive, and humble attitude. Even though they were going into year 12 this season, they still managed a HUGE 123 patrol hours. During this time, he was an asset around the club. He is a mature role model for the younger members, as he always brings an incredibly positive attitude to every situation he is faced with. I hope that through his time at the club, he is able to pass this skill on.

A couple is seated at a table in a restaurant or cafe, looking out at a sunset. The man is wearing a grey hoodie and a cap, and the woman is wearing a light-colored shirt. They are sitting at a table with a glass of water and a glass of beer. The view outside the large windows shows a sunset over a coastal landscape with greenery and a body of water.

End of Report

WBSLSC SEASON 2021-2022
